7. Stack, without double-counting

- **NO -2.5** — one population: Monday night division home favorite. ATS 8–4 (66.7%, n=12). Not added (n would fall under 10, or the trait does not narrow the population): off a loss, off a 1-score loss, off an ATS miss, off a loss as favorite, off a home game, 2nd straight home game, next game is home, next game is home non-division....
- **ATL +2.5** — one population: Monday night division road dog; next game is home. ATS 3–7 (30.0%, n=10). Not added (n would fall under 10, or the trait does not narrow the population): off a win, off a win by 14+, off a win by 20+, off a cover, off an upset win as dog, off a prime-time game, off a road game, 2nd straight road game....
